

# I BRENDAN GOES TO THE TORINO OLYMPICS

Brendan was nominated to the Canadian Medical Team by Dr. Julia Alleyne, Head of Sport Medicine at Sunnybrook Hospital. After a lengthy review process of the nominated candidates, Brendan was officially selected to the team in the fall of 2005. During the Olympics, he participated in many ways, including preparation and set-up

of the Health Clinic, administrative and technical support, and accommodating the needs and services of the athletes. In addition, he was able to support the athletes as a spectator at many of the events. Brendan is extremely grateful to have had the honor of representing Canada at the Winter Olympic Games!
